The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1, 6-7, 10, 11 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, "the image data" (line 7) is unclear as whether it is identical to the image data in line 5 (according to the Disclosure, they are different because "the image data" in line 5 is the image after the first pass, and the image data in line 7 is after the second pass. Similarly, "the image data" (line 9) is unclear as to its proper antecedent basis.

The remaining claims are rejected since they are dependent upon the rejected claims.
